Activity report :

The department of Nutrition of Banura Christian college arranged an excursion programme on nutritional status assessment of fisher man in coastal region of Digha. For this purpose , the students and the faculty members of the department reached Sankarpur on 21th December , 2022 at 9.00 A.M and assess nutritional status(BMI) and blood pressure of about 80 fisher man randomly.

Students also give dietary advices to the fisher man according to their nutritional status and after assessing their blood pressure.
