

Activity Report: Semester Student Seminar on Non-chordate Biology by Students of Semester-I

Date: 10.01.2023

Venue: Lab 1; Department of Zoology

Organized by: Department of Zoology

Report Prepared by: SRI AVISEK PATRA

The Student Seminar on Nonchordate Biology was held successfully at Laboratory 1 an ICT enabled classroom on 10.01.2023 by the students of Semester I. The seminar aimed to provide students with a platform to explore and present their studies on non-chordate organisms.

A total of 17 students participated in the seminar and 5 students presented their studies on various non-chordate organisms for 10 minutes, including Protozoa, Porifera, Cnidaria and Platyhelminthes. Each presentation was followed by a brief Question & Answer session, encouraging constructive feedback and discussion.
